38.              <p>Could be a few days - could be a few weeks - occasionally its
     a month or more. We don't expect you to become a full time foster home unless
     you really want to! All we ask is maybe just once a year - that would help give
     our permanent homes a well earned 'holiday'. All you need is a safe and secure
     environment. We have crates, toys, blankets, food and lots of experience to
     share. We are 501(c)(3) so you can claim incidental expenses against your taxes.
     </p>↵
39.              <p>Your foster dog may have housemanners, obedience and good
     sense - having been turned in by an owner who, for one reason or another, could
     no longer give their pet a good home. We also get dogs from shelters and 'puppy
     mill' raids etc.., and yes, these can be more of an unknown... but ... we always
     evaluate the dog, and maybe sent to our trainer, before it is accepted into our
     program. You give them possibly the first love, attention and 'rules' that
     they've known ...meanwhile we screen and check potential new owners.</p>↵
40.              <p>Foster homes need to have fenced yards, and your current pets
     need to be up to date on their shots. If you can keep your current pets and the
     foster seperate - then that is a plus. Your primary job is to keep the dogs safe
     and to observe its behavior.  It's not rocket science - it's actually quite easy
     and very rewarding. Please contact us and make a homeless Doberman an offer it
     can't refuse!</p>↵
